

Trans-NIH Dissemination and Implementation Research in Health PAR Webinar for International Applicants

Monday, April 22nd, 2013, 12:00-1:00pm EST

In January 2013, the Trans-NIH Funding Announcements for Dissemination and Implementation Research in Health ([PAR-13-055](#) (R01); [PAR-13-054](#) (R21); and [PAR-13-056](#) (R03)) were re-issued. Two webinars were hosted in February as an opportunity for potential applicants interested in learning more about the re-issued announcements. However, since the international community faces a set of unique issues and may have different questions not answered in the initial seminars, we will be hosting a third session specific to international grantees. The webinars will be led by NIMH's Dr. David Chambers and NCI's Dr. Russell Glasgow. Additionally, Dr. Josh Rosenthal, Program Officer from NIH's Fogarty International Center will be on the call. **Registration is required (see below).**

Registration:

[CLICK TO REGISTER \(http://dccpsimplementationscience.wufoo.com/forms/nih-di-par-webinar-registration-form/\)](http://dccpsimplementationscience.wufoo.com/forms/nih-di-par-webinar-registration-form/)

Once you register at the link above, you will receive a confirmation email with the log-in information for the audio and web portion of the call. Please note each country has its own unique conference number. *(Just in case there is an issue with registration, however, log-in information has been attached).*

Relevant References:
