

DIRECTOR OF IMG CORDIALLY CONGRATULATES

**Jan Procházka, Radislav Sedláček
and their team**

ON A RECENT PUBLICATION ACHIEVEMENT

Proc. Natl. Sci. U.S.A. 2017;

114(9): E1641-E1650

[IF = 9.4]

Intrinsically disordered proteins drive enamel
formation via an evolutionarily conserved
self-assembly motif.
