

## Regular Wednesday IMG seminar

**Seth Blackshaw, Ph.D.**

**Professor of Neuroscience  
at the Johns Hopkins University School of Medicine**

**“Building and rebuilding the retina one cell at a time”**

Professor Seth Blackshaw will describe recent progress of his lab in identifying evolutionarily-conserved and species-specific gene regulatory networks that control retinal neurogenesis, cell fate specification, and injury-induced regeneration.

**The seminar will be held**

**on Wednesday 18<sup>th</sup> May 2022 at 15:00**

**in the Milan Hašek Auditorium at IMG**

(Institute of Molecular Genetics of the Czech Academy of Sciences, Vídeňská 1083, Prague 4)

**Further information:** Zbyněk Kozmik, Ph.D., Laboratory of Transcriptional Regulation, IMG
