

## Regular Wednesday IMG seminar

**Michal Mrkáček, M.Sc.**

**Laboratory of Signal Transduction**

**ORMDL Family of Lipid Regulators:**

**“Molecular mechanisms & structural insights”**

A presentation discussing current knowledge regarding the ORMDL family of proteins and their effects on cellular physiology. The focus will be on the canonical roles of the ORMDL proteins as negative regulators of de novo sphingolipid biosynthesis to lesser-known effects on the production of the eicosanoid inflammatory mediators.

**The seminar will be held**

**on Wednesday 1<sup>st</sup> February 2023 at 15:00**

**in the Milan Hašek Auditorium at IMG**

(Institute of Molecular Genetics of the Czech Academy of Sciences, Vídeňská 1083, Prague 4)
