

Regular Wednesday IMG seminar

Alikhan Abdirov, M.Sc.

Laboratory of Cancer Biology

**“CUL4-dependent degradation as a guardian
of DNA replication integrity”**

This seminar will explore the putative molecular mechanisms by which the CUL4-dependent ubiquitin ligase controls DNA replication, including licensing, initiation and fidelity.

The seminar will be held

on Wednesday 4th October 2023 at 15:00

in the Milan Hašek Auditorium at IMG

(Institute of Molecular Genetics of the Czech Academy of Sciences, Vídeňská 1083, Prague 4)
