

## Lab Manager/Technician in the Laboratory of Immunophysiology

### Job description

- Performing administrative tasks necessary for running the lab, including ordering and maintenance of reagents and consumable stocks
- Performing wet-lab experiments, including *in vitro* cell culture, *ex vivo* cellular and tissue characterization with flow cytometry and microscopy, and *in vivo* mouse manipulations
- Performing mouse colony management, including genotyping
- Other (collaborative) activities related to the preparation and implementation of experiments

### Requirements

- Education in biology related fields (at least at the bachelor level)
- Experience with work in the laboratory
- Experience with work with laboratory animals (mouse husbandry, handling and basic interventions)
- Working knowledge of English and Czech languages
- Study and/or work experiences abroad are considered an advantage

### We offer

- Job opportunity in an international environment in a top science center
- Possibility of professional growth and further education
- Competitive salary commensurate on experience
- Possibility of part-time employment and teleworking
- Standard benefits offered by the IMG, including paid vacation and sick days

The employer is the Institute of Molecular Genetics of the Czech Academy of Sciences. The workplace is in the BIOCEV campus in Vestec.

The initial contract is for 12 months with expected extension upon demonstrated proficiency.  
The trial period is 4 months.

## How to apply

Send your application and CV to Antonio Baptista ([antonio.baptista@img.cas.cz](mailto:antonio.baptista@img.cas.cz)). Inquiries related to the position can be sent to the above e-mail address.

## Personal data processing

For the purposes of the open competition for this position, the Institute of Molecular Genetics of the Czech Academy of Sciences, ID No. 68378050, residing at Vídeňská 1083, Prague 4 - Krč, Czech Republic, in the role of Administrator shall process personal data provided by you (or obtained from public sources) in accordance with the General Data Protection Regulation (EU) 2016/679. By answering this advertisement, you provide your personal data to the Administrator for the purposes and for the duration of the open competition. In relation to processing your personal data, you have the following rights: (i) to access your personal data, (ii) to have corrected or completed inaccurate or untrue personal data, (iii) to erasure of your personal data if not any longer needed for the purposes for which they have been collected or otherwise processed, or if you find that they have been processed illegally, (iv) to restriction of your personal data processing in special cases, (v) to data transferability, and (vi) to raise a complaint after which processing of your personal data shall be arrested if no serious justified reasons for their processing prevail over your interests or rights and freedoms, in particular, if they are needed for possible exaction of legal claims, and (vii) to address the Office for Personal Data Protection. Additional information on data processing by the Institute of Molecular Genetics of the Czech Academy of Sciences, ID No. 68378050, residing at Vídeňská 1083, Prague 4 - Krč, Czech Republic, can be obtained from Data Protection Officer J. Oliberiusová, JD.
