

scanR

HIGH-CONTENT SCREENING SYSTEM

user meeting + advanced training

September 21-23, 2026

**Institute of Molecular Genetics
of the Czech Academy of Sciences**

Info & Registration

<https://course.img.cas.cz/scanr>

AGENDA

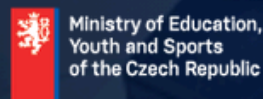

This event is dedicated to scanR system users, providing a space to exchange experience and knowledge during the user meeting. The program is followed by advanced training supported by EVIDENT, with leading application specialists sharing practical expertise and hands-on guidance.

- User Meeting & Scientific Exchange
- AI-Assisted Analysis in scanR
- Training Custom AI Models

SUPPORT

The event is supported by EVIDENT and SVEN BIOLABS through advanced application training, software licences and direct financial support.

EVIDENT

The course is organized by the IMG Core Facility for Light Microscopy, which are supported by MEYS – LM2023050
